PROFILE

I am a dynamic and driven web development and marketing student passionate about crafting and engaging myself intensely in digital experiences. Eager to leverage skills in web development, programming, and marketing to contribute to innovative projects in a global workspace both locally and in international forums.

WORK EXPERIENCE

- I've provided mentorship and guidance to learners, fostering a positive learning environment at Hidden Talents Children's home..
- Worked with Friends Of Love Kibera engaging myself with kids in Beed Working and Chess.
- After finishing my Digital office course in Code With Kids I volunteered as a coach in Scratch and Microbits classes under the same institution.
